

EMFC'17 AND ICEREGA'17

SUMMER SCHOOL: ENERGY MANAGEMENT AND FUEL CELL SYSTEMS 4-6TH JULY 2017

5TH INTERNATIONAL CONFERENCE ON EMERGING AND RENEWABLE ENERGY: GENERATION AND AUTOMATION (7TH JULY 2017)

UTBM, UFC and UBFC Universities, FEMTO-ST Laboratory, FCLAB research federation are organizing two joint events, the Summer School: Energy Management and Fuel Cell Systems (EMFC'17) and the 5th "International Conference on Emerging and Renewable Energy: Generation and Automation (ICEREGA'17) to be held in Belfort, France. This joint event aims at gathering scientists and engineers from academia and industry to discuss the latest techniques in the broad field of renewable energy and transportation applications.

General Chair:

Dr. Mohamed Becherif

General Co-chairs:

Dr. Haitham S. Ramadan

Pr. Abbas Fardoun

Program Chairs:

Pr. Malek Ghanes

Keynote speakers, Lectures and Student Projects in EMFC'17 (4-6th July)

EMFC'17 will be an opportunity for PhD students and young researchers from both academia and industry to have intensive summer school course through lectures of distinguished professors, student project and laboratory works. Interested students/researchers are invited to contact: icerega@utbm.fr

The Technical Program Overview for ICEREGA'17 (7th July)

Authors are invited to submit **full papers** describing original work in **all aspects of engineering techniques** related to renewable energy and its applications covering, but not limited to:

- ▶ Renewable Energy Systems, Materials and Physics
- ▶ Wind Energy Systems
- ▶ Solar Photovoltaic and Thermal Energy
- ▶ Diagnostics, Prognostics and Fault Tolerant Control of Electrical Systems
- ▶ Control and Observation of Electrical Systems
- ▶ Fuel Cells Materials and Systems
- ▶ Energy Storage Systems and materials
- ▶ Power Generation, Transmission, and Distribution
- ▶ Power Systems, Machines and Control
- ▶ Power Electronics and Drives
- ▶ Intelligent Energy and Smart Grid
- ▶ Transportation Applications
- ▶ Energy Efficiency and Green Buildings
- ▶ Energy Harvesting Applications
- ▶ ICT Applications in Renewable Energy
- ▶ Biofuel and Bioenergy

Submission

Authors are invited to submit full papers in pdf format (6 pages maximum, double column, single spacing) template. The paper template can be downloaded from the conference website. Full versions of the submitted papers will be peer reviewed and accepted papers will be published in one of ICEREGA'17 Journal Partners or the ONLINE Conference Proceedings.

Special Sessions for ICEREGA'17

ICEREGA'17 will include oral/poster presentations. The Program Committee is also soliciting proposals for special sessions, particularly in one of the above theme areas. Interested organizers are invited to contact: icerega@utbm.fr

Publications

Registered and presented high-quality papers will be published in Journal Partners after the due double peer review for full paper versions. Otherwise, ONLINE proceedings is also available.

Registration EMFC'17 and ICEREGA'17 : Available soon on www.icerega.utbm.fr

Important dates:

Full Paper Submission: May 15, 2017

Notification of acceptance: June 1, 2017

Special Session Proposal: April 15, 2017

Camera ready paper submission: June 15, 2017
